Our town is built around our residents. We gather the public's opinions and requests and reflect them into our administration policies. With systematic operation under government administration we ensure that our public services today will be better than yesterday.

知多半島道路 Chita Peninsula Expressway

オアシス大橋は阿久比町の東西を結ぶ象徴的な存在。知多半島道路は名古屋や中部国際空港へつながる南北の動脈。名鉄阿久比駅はまちの表玄関としての機能を果たしています。これらの道を、新たな希望が駆け抜けていきます。

The Oasis bridge that connects the east and west sections of town has a symbolic existence. The Chita Peninsula Roadways act as the artery that spreads south and north to places like Nagoya City and Chubu International Airport. The Agui Train Station on the Meitetsu line acts as the town's front gates. New hope comes to our town everyday through these various routes.
