# 明日の安心は、日ごろ

**Peace of Mind Starts with Daily Preparation and** 

今、安全・安心が求められています。 頻発する大地震に集中豪雨。東海・ 東南海地震が発生すると阿久比町 にも大きな被害が想定されます。 平成12年の東海豪雨では多くの浸 水被害に遭いました。 いつ起きるかわからない災害に、町民 の防災意識の高揚を図り、安全で安 心な災害に負けない安定したまちづ くりを進めています。

the Teamwork of the District

With frequent large earthquakes and torrential rains, safety and comfort in our community is valued more than ever today. If an earthquake takes place in the Tokai (Eastern Sea) and Tonankai (Southeastern Sea), it is expected that the Town of Agui will suffer heavy damage. In the Tokai torrential rain of 2000, we suffered much water damage. Because these natural disasters are unpredictable, our town has come together to rise up to the challenges of facing disaster prevention for creating a safer, more stable town that doesn't surrender easily to natural disasters.

## 防災訓練 Disaster Prevention Training

町内全域の自主防災会と各関係機関が連携した実践 的な訓練を行っています。初期消火、応急手当、水防 訓練などに加え、自主防災会での被害状況調査と要援 護者の安否確認・報告訓練も行っています。住民の防 災意識を高め被害を最小限に留める備えをしています。

With the volunteer based Disaster Prevention Committee throughout the town and in conjunction with other organizations, disaster prevention training is conducted to educate our people on various techniques from fire extinguishing and emergency first aid to flood prevention. The committee also takes part in training to assess damage, how to bring safety to those in need, and how to report to authorities. By creating disaster prevention awareness in our community, we hope to minimize future catastrophes.
