

Other garbage

Oversize garbage

You can also put out bulky waste at collection locations and on dates outside of your living in the area.
 Dispose of items between 8 and 11:30 a.m. on the designated collection day. Strictly prohibited: Do not put out trash on the previous day or early in the morning on the collection day.
 We cannot accept bulk garbage from outside of Agui town or one from non-household sources (businesses, farms, etc.).
 Large items such as furniture and bicycles are subjected. (except for "garbage that is not collected")
 If you want to dispose of garbage other than the collection day, please bring it directly to the Tobu Chita Clean Center (nicknamed "Ecori").

Let's reduce waste by utilizing the Bulk Garbage Reuse system.

Agui Town promotes reuse activities in collaboration with MarketEnterprise Co., Ltd. and Jimoty, Inc. Before disposing of your items as waste, please consider reusing them to help reduce trash.

Oikura

"Oikura," a reuse platform operated by MarketEnterprise Co., Ltd., allows you to receive price quotes from multiple secondhand shops just by submitting one application. You can then choose your preferred shop to sell your items. Since you can get estimates from various stores, there is a chance of receiving a high valuation if the items are in good condition.

"Oikura" Exclusive Website

Jimoty (Local Bulletin Board)

Operated by Jimoty, Inc., this is a local information site that connects you directly with people in your area who need the items you no longer use. Even for items that are difficult to sell to shops, you may be able to find someone willing to pick them up for free.

"Jimoty" Website

Please also make use of nearby thrift stores and online flea markets to reduce the amount of waste disposed of.

For those who carry in directly to the Tobu Chita Clean Center
